Instructors have ready supports and resources through formal connections to other instructors who work in the SAME collaborative space! We call it the "Bull Pen" and it's where best practices, advice, and experienced insights are intended to allow instructors--first year or seasoned veteran-- to develop their craft in a social, supportive, and cooperative learning environment.

ALL OnlineHS Staff also meets regularly:  
 - District Professional Dev. Days  
 - Building Professional Dev. Days  
 - 2x / mth morning meetings.
