

DLD Approval Criteria H 6: Instructor training includes the experience of online learning from the perspective of a student.

Screenshot #1 & 2: Online teachers are simultaneously instructor AND student in each of their classes

All online instructors have both a "teacher" AND "student" log-in so they make sure they see the course as a student and are able to solve student problems with a *student perspective*.

The screenshot shows a 'Users' management page. At the top, there are buttons for 'Create User' and 'Batch Actions'. Below that is a search bar with 'Username' selected, 'Contains' as the operator, and 'thuber' as the search term. A table of users is displayed below the search bar. A red box highlights the first two rows of the table, which correspond to the 'thuber' and 'thuber-student' users.

Status	Username	First Name	Last Name	Email	Available	Student ID	Data Source Key
<input type="checkbox"/>	thuber	Tanya	Huber	thuber@everettsd.org	Yes		SYSTEM
<input type="checkbox"/>	thuber-student	Tanya	Huber (student)	thuber@everettsd.org	Yes		SYSTEM

All OnlineHS trainings involve the user experiencing BOTH sides of the LMS system as instructor AND student. Pictured below are users and their "-student" designation (note district email indicating the person is a district staff member)

Teacher train and work together as both students and teachers in the OnlineHS teacher area.

The screenshot shows the OnlineHS.net user management interface. The header includes the OnlineHS.net logo, user name 'Kevin Corbett', and navigation links for 'My Places', 'Home', 'Help', and 'Logout'. Below the header is a table of users. A red box highlights the first column of the table, which contains the '-student' designations for each user.

Status	Username	First Name	Last Name	Email	Available	Student ID	Data Source Key

DLD Approval Criteria H 6: Instructor training includes the experience of online learning from the perspective of a student.

Screenshot #3 :Interactive Discussion Board for teachers as students.

The screenshot shows an online discussion board interface. At the top, there is a navigation bar with 'OnlineHS' and 'Schools' tabs. Below this, the page title is 'Discussion Board' and the 'Edit Mode' is set to 'ON'. A 'Create Topic' button and a search bar are visible. The main content area features a table of discussion topics with columns for 'Topic', 'Description', 'Total Posts', 'Unread Posts', and 'Total Participants'. A 'Delete' button is located at the top left of the table area.

Topic	Description	Total Posts	Unread Posts	Total Participants
